Let the Locals Be Your Guide

Our slogan "Let The Locals Be Your Guide" sums up one of the great qualities of our escorted tours. Our guides grew up in the province and are the best source for information on the culture, history, music and language that make this area so unique. They know off the beaten path locations where our groups see the spectacular scenery and wildlife of Newfoundland. Your local guide will provide you with an authentic Newfoundland experience that will be both educational and thoroughly enjoyable. Combine this with smaller group sizes, meals that feature local cuisine, two night stays in most hotels and sensibly paced days, and you have what has been deemed by many of our travelers as the best escorted tour of Newfoundland and Labrador available.
